New Malting Plant 110,000 MT/a

New coming malt company, Vietnam

Layout and budget for new malting plant for 110,000 MT/a
5 Germinating-Vessels in 1 Tower with steep house on top
and standalone kiln

Batch size: 360 MT barley as green malt

New GKV-Plant with steep house

Great Western Malting (Grain Corp.), USA

In Cooperation with FWS Group, Canada

4 Germinating/Kilning-Vessels (GKV) in 2 Towers with steep house;

Batch size: 45 MT barley as green malt

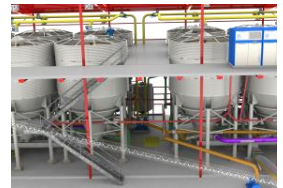

New Steep house

Malteurop Canada Ltd., Winnipeg, Canada

In Cooperation with FWS Group, Canada

New Steep house with 12 cylindroconical steepers

Food for Life Baking Co., Inc., USA

In Cooperation with FWS Group, Canada

New Steep house with cylindroconical steep tanks

New discharging turners

GlobalMalt Polska, Bydgoszcz, Poland

Construction works, provision of drawings as well as part lists for: New discharging
turners for existing germination boxes

Kiln loader machine

Renowned malting company, USA

In Cooperation with FWS Group, Canada

Loader for a rectangular kiln; Batch size 180 MT barley as green malt

North and South America
